OVERVIEW

The Cat 320 GC is a mid-size hydraulic excavator engineered by Caterpillar for reliable, cost-efficient performance on general construction, infrastructure, utility and earthmoving projects. This 2018 model year unit is offered by Al Tayeb Al Karim Gen Transport Est in genuine, original working condition, fitted with a proven 6-cylinder diesel engine producing 146 horsepower and an automatic transmission/control system that simplifies operation while maintaining strong digging force and smooth hydraulic response. With an operating weight of approximately 20 tons, the 320 GC delivers the ideal balance of stability, reach, digging power and fuel efficiency, making it a dependable choice for contractors, rental fleets and site operators across the UAE.

GENERAL INFORMATION

Make / Brand	Caterpillar (CAT)
Model	320 GC
Model Year	2018
Machine Type	Hydraulic Crawler Excavator
Condition	Original, Genuine Parts
Transmission	Automatic

ENGINE

Engine Make	Cat C4.4 Diesel
Number of Cylinders	6-Cylinder In-Line
Fuel Type	Diesel
Gross Power	146 HP (approx. 109 kW)
Aspiration	Turbocharged
Cooling System	Liquid-Cooled, Electric Fan

KEY FUNCTIONS & FEATURES

- Automatic engine and hydraulic power matching for optimum fuel efficiency.
- Smart operating modes to balance power output and fuel consumption per task.
- Reinforced boom and stick structure for strong digging force and durability.
- Fully enclosed, air-conditioned operator cab for comfort in UAE conditions.
- Reliable 6-cylinder diesel engine offering consistent 146 HP output.
- Automatic transmission control for smoother, easier machine operation.
- Wide crawler track undercarriage for excellent ground stability and traction.
- Low maintenance design with easily accessible service and filter points.

WEIGHT & UNDERCARRIAGE

Operating Weight	Approx. 20 Tons (20,000 kg)
Undercarriage	Steel Crawler Track
Track Shoe Type	Standard Grouser Pad
Bucket Capacity	Approx. 1.0 - 1.2 m3
Max Digging Depth	Approx. 6.5 - 6.7 m
Max Digging Reach	Approx. 9.6 - 9.9 m

HYDRAULIC SYSTEM

System Type	Load-Sensing Hydraulics
Control Mode	Electro-Hydraulic, Auto Modes
Max Travel Speed	Approx. 5.5 km/h
Swing Speed	Approx. 9.5 - 10 rpm
Cab Type	Fully Enclosed, A/C, Glass Door
Operator Seat	Adjustable, Suspension Type

WHY CHOOSE THIS MACHINE

- Genuine 2018 model CAT 320 GC in original, well-maintained working condition.
- Powerful 146 HP, 6-cylinder diesel engine offering excellent digging performance.
- Automatic operating system for reduced operator fatigue and consistent output.
- Approximately 20-ton operating weight suitable for medium to heavy-duty jobsite work.
- Backed by Al Tayeb Al Karim Gen Transport Est, trusted in the UAE market since 1996.
- Available for immediate inspection and viewing at our Al Ain facility.

ABOUT AL TAYEB AL KARIM GEN TRANSPORT EST

AL TAYEB AL KARIM GEN TRANSPORT EST has been serving the transport, heavy equipment and general trading sector in the United Arab Emirates since 1996. With decades of hands-on experience, the company is recognized for supplying well-maintained, genuine heavy machinery, including excavators, loaders and transport equipment, to contractors and businesses across the region. Our commitment to honest dealing, machine quality and after-sales support has made us a trusted name in Al Ain and the wider Abu Dhabi Emirate.
